Education

- BSc Mathematics**
Prof.Rajendra Singh (Rajju Bhaiya) University , Prayagraj
June 2016 - June 2019
- Master in Computer Application(MCA)**
IGNOU,Delhi
July 2019 - July 2023

Technical Skills

- Express.js
- RESTful APIs
- MongoDB
- Node.js
- JavaScript
- Git

Soft Skills

- Attention to Detail
- Time Management
- Teamwork

Rohit Kumar Singh

Node JS Developer

Professional Summary

Proficient Node JS Developer with expertise in crafting efficient, scalable backend solutions utilizing JavaScript, Node.js, and RESTful APIs. Demonstrates exceptional problem-solving skills and teamwork, combined with a capability to leverage Generative AI and quickly learn new technologies to enhance software solutions.

Projects

Contact Manager Backend Application

[Github Repo](#)
[Link](#)

- JavaScript
- Node.js
- Express.js
- RESTful APIs
- MongoDB
- Developed a scalable backend application using Node.js and Express.js to manage user authentication and authorization.
- Implemented secure user registration and login with password hashing to ensure data protection.
- Designed and developed RESTful APIs for seamless integration with frontend components and third-party services.
- Configured MongoDB for efficient data storage and retrieval, optimizing database queries for performance.
- Conducted thorough testing and debugging to ensure reliability and stability of the backend application.

Quiz App

- JavaScript
- React
- Node.js
- Git
- Express.js
- MongoDB
- RESTful APIs
- Developed server-side application for Quiz App using Node.js and Express.js to ensure reliable performance.
- Implemented RESTful APIs to facilitate seamless communication between frontend React components and backend services.
- Optimized MongoDB queries for efficient data retrieval, enhancing the overall response time and user experience.
- Conducted thorough testing and debugging of backend systems to ensure stability and reliability of the application.
