Backend: Node.js, Express.js, API REST, JWT Authentication, OAuth, Google Auth

Databases: MongoDB, PostgreSQL, Redis

Development Tools: Git, GitHub, Vercel, Electron, Vitest

DevOps & Infrastructure: Ansible, Terraform, Monit

Additional: Java (Basic), Blockchain Certified

PROFESSIONAL EXPERIENCE

SubManager & Technology Director

MERAKI - Strategic Communication Agency & Consultancy | January 2024 - Present

- Lead technological initiatives and sub-management operations for local micro-company
- Manage human resources and accounting processes
- Implement technology solutions to improve business operations
- Company recognized with local "Hecho en Libres" certification

Results: Increased revenue by 500% and reduced costs/timelines; delivered projects for 12 clients using automation, Meta AI marketing tools, and NotebookLM for faster internal knowledge sharing.

Web Development Instructor

Innova Libres & Chicas Programadoras Club | October 2024 - December 2025

- Design and deliver comprehensive web development curriculum for 48 students in total
- Teach modern development practices from fundamentals to advanced topics
- Implement pair-programming methodologies with AI integration
- Guide students in building web applications using Vite + React + JS stack
- Develop practical skills in collaborative development environments

Results: Guided 36 of 48 students to completion, with 4 hired in tech and 90% positive feedback, inspiring several to pursue tech careers.

Frontend Web Developer

KUROBA Software | January 2023 - December 2023

- Designed and developed user interfaces for web applications
- Collaborated with backend development team to integrate APIs
- Contributed to team building and project planning initiatives
- Implemented responsive design principles and modern frontend frameworks

Results: Enhanced UX/UI saving 2 months and \$500, influenced key technical decisions, and ensured on-time, on-budget project delivery.

Computer Technician & Technical Support Specialist

Freelance Entrepreneur | January 2015 - December 2023

- Provided technical support and computer repair services to 100+ satisfied customers
- Diagnosed and resolved hardware and software issues
- Prepared detailed cost estimates and technical recommendations
- Built strong customer relationships through excellent service delivery

Results: Built a loyal base of 100+ clients with 99% satisfaction, earning steady referrals through quick, first-visit problem resolution.
