B.Tech

Male

Degree	Institute/Board	Institute	Year	CGPA/Percentage
B.Tech	NIT Delhi	NIT Delhi	2022-26	8.41
Senior Secondary	CBSE Board	GSBV No-1	2020-21	94.2%
Secondary	CBSE Board	GSBV No-1	2018-19	89.4%

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Javascript, Python
- **Technologies:** HTML, CSS, React.js, Tailwind CSS, Bootstrap
- **Tools:** Visual Studio Code, Git, GitHub, MATLAB

TRAINING & INTERNSHIPS

- **Web Development Intern** | *Next24tech Technology & Services* (June 2024 - August 2024)
 - Participated in hands-on projects, applying web development concepts and best practices.
 - Implemented new features and functionalities on web applications to enhance user experience.
 - Developed responsive and dynamic web pages using the latest technologies.
- **Full Stack Web Development (MERN)** | *Webstack Academy - WSA* (Feb 2024 - April 2024)
 - Developed a platform for finding residences based on user needs across various locations.
 - Integrated image storage with Cloudinary, payment processing via Stripe, and email handling through Mailtrap.
 - The platform allows users to search for, view, and list their own residences, improving options and user experience.

COURSE PROJECTS

- **E-Commerce Website** | *React.js, Firebase, Stripe*
 - Developed a user-friendly e-commerce platform using React.js for the front end, Firebase for real-time database and authentication, and Stripe for payment processing.
 - Implemented server-side logic with Express.js and Node.js, ensuring efficient API handling and seamless backend operations.
- **Spotify Clone** | *HTML, CSS, JavaScript*
 - Developed a Spotify clone that mimics the core functionalities of the popular music streaming service.
 - Implemented the UI with HTML and CSS, adding interactivity and dynamic content loading using JavaScript.

EXTRA-CURRICULAR ACTIVITIES

- Participated in Headstarter Fellowship, gaining advanced skills and working on real-world projects.
- Solved 100+ problems on LeetCode and 200+ questions on GeeksforGeeks.

CERTIFICATIONS

- **The Complete Introduction to C++ Programming** | *Udemy* (February 2023 - March 2024)
- **Data Structures in C++ Course** | *Scaler Topics* (December 2023 - February 2024)
