| | |
|---|-----------------|
| Intern @ ADANI AIRPORT (LGBIA) | Dec'24 - Jan'25 |
| <ul style="list-style-type: none">● Learning networking services and ServiceNow for IT management.● Gaining knowledge of DigiYatra (biometric travel system) and E-Gates technology.● Created a custom database to replicate DigiYatra for data retrieval and backend operations.● Enhancing skills in software development and database management. | |

Projects

Developing EatIt

1. Eatit is a food delivery platform that connects customers with local restaurants, allowing users to browse menus, place orders, and get food delivered directly to their location.
2. It often integrates real-time tracking, allowing customers to monitor their food delivery from the restaurant to their doorstep.
3. Personalized recommendations: Eatit uses algorithms to suggest restaurants and meals based on user preferences and previous orders.
4. It may feature loyalty programs or special discounts to encourage repeat customers and enhance user engagement.

BHARATKISSAN

An AI-driven platform designed to support farmers in managing their agricultural practices effectively

1. AI Disease Prediction: Detects crop and animal diseases using AI for timely treatment.
2. Soil and Weather Data: Provides real-time updates on soil health and weather conditions.
3. Market Price Info: Tracks crop prices to help farmers get fair market rates.
4. Expert Support: Connects farmers with experts for guidance and advice.

FraudShield

FraudGuard is a fraud detection system that uses AI to analyze SMS and WhatsApp messages, identifying and preventing scams and fraudulent activities in real-time.

1. AI-Powered Detection: Analyzes SMS and WhatsApp messages to identify scams and fraud.
2. Real-Time Alerts: Provides instant notifications to protect users from threats.
3. Enhanced Security: Reduces risks of phishing and unauthorized transactions.

Academic and Extracurricular Achievements

- Won 1st position in IIT kharagpur @BajajWorkshop Designing EV chetak '24
- Got runners position in Royal Global University '23 ,
