SKILLS

- Computer Science
- Front-End Skills: HTML, CSS
- Responsive design
- HTML and XML
- API Integration
- Front-end Frameworks
- HTML5 expertise
- Responsive Web Design

WORK HISTORY

WEB DEVELOP INTERN

INDEED-REMOTE

- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3.
- Wrote custom HTML and JavaScript for existing websites. • Developed interactive prototypes using HTML, CSS, JavaScript, and JQuery for client presentations and feedback sessions. • Attended development programs to gain competencies and boost skills set.
- Worked closely with UX/UI designers to ensure proper implementation of designs across multiple devices while adhering to established style guides.
- Studied user requirements to gain strong understanding of project initiatives and deadlines.
- Utilized version control tools like Git and GitHub to manage code, track changes, and collaborate with fellow developers.

- Enhanced website functionality by optimizing existing code and implementing new features.
- Integrated third-party APIs into existing web applications for enhanced functionality and user engagement opportunities. Conducted thorough quality assurance testing to identify and resolve issues before deployment.
- Collaborated with cross-functional teams to design, develop, and launch innovative web applications. Participated in weekly team meetings to discuss project progress, share knowledge, and collaborate on problem-solving strategies.
- Used content creation tools and digital media to design web sites.
- Shadowed developers to learn key details about job duties and tasks.
- Developed and maintained comprehensive documentation for all projects, facilitating smoother project transitions and onboarding processes.
- Increased website security by integrating advanced authentication mechanisms, safeguarding user data effectively.
