Summary

Motivated and passionate Computer Science student with hands-on experience in Java Full Stack Development. Proficient in Java, JavaScript, React, Node.js, and MySQL. Currently pursuing a BCA, with a strong foundation in both frontend and backend technologies. Explored Google's Generative AI Skill Boost to gain insights into AI fundamentals and its real-world applications. Eager to apply technical skills in real-world projects, with a focus on building efficient, scalable, and user-centric web applications.

Highlighted Projects

1. **Personal Expense and Income tracker | GitHub**
   - A personal expense and income tracker web application designed to simplify financial management, featuring user-friendly interfaces, dynamic data handling (via AJAX), and real-time updates in progress.
   - Tech Stack: Bootstrap+AJAX (frontend), and Node.js + Express (backend), MySQL (database).
2. **Smart Shop Manager | GitHub**
   - A web-based Shop Management System designed to help businesses efficiently manage inventory, sales, customers, staff, and stock with streamlined operations and an intuitive interface.
   - Tech Stack: CSS (frontend) and PHP (backend), MySQL (database).
3. **Bucket List using JAVA | GitHub**
   - Bucket List is a CLI-based Java application using JDBC and MySQL for managing personal goals with add, update, delete, and view functionalities backed by persistent storage.
   - Tech Stack: Java (frontend), JDBC (middleware) and Java (backend), MySQL (database).
4. **College Management System| GitHub | LinkedIn**
   - A management system for student registration and information access within a school or college. Supports complete CRUD operations to create, update, retrieve, and delete student details efficiently.
   - Tech Stack: Java AWT, Swing (frontend), JDBC (middleware) and Java (backend), MySQL (database).

This is a selection of my projects; more can be found on my GitHub or portfolio.

Skills

language	Framework	Tools / IDE's	Database	Other
• Java	• React	• GitHub	• MySQL	• DSA (Basic)
• C++	• Node.js	• IntelliJ Idea		• Deployment
• SQL	• Bootstrap	• VS Code		• SDLC
• Java Script		• Eclipse		• Netlify

Soft Skills

✓ Communication Skill	✓ Teamwork & Collaboration	✓ Leadership
✓ Critical Thinking	✓ Risk Management	✓ Time Management
✓ Adaptability		

Education

Bachelor of Computer Application

RMLAU – Ayodhya

July 2022 – July 2025
Percentage: 75+

Intermediate 12th

UP Board of Education

April 2021 – April 2022
1st Division
