I am a skilled Frontend Web Developer with strong technical expertise and a solid command of Data Structures and Algorithms in C++. With proven leadership and teamwork abilities, I consistently drive projects to success. My blend of creativity, problem-solving, and technical skills ensures I deliver high-quality solutions in every challenge.

YEAR	Degree/Examination	Board/University	SCORE
2024-25	SE IT	SPPU	FE 9.73 SE 8.77 SE Present
2023	HSC	PUNE	66.50%
2021	SSC	PUNE	88.80%

• Work History:-

1) Core Team Member:

MTEC - Matoshri Technical Event Cell, Nashik | Dec 2024 - Present

- Worked as a founding member of MTEC along with my Core Team.
- Actively contributed to organizing and managing technical events and competitions, fostering innovation and promoting technical excellence.

2) Core Team Member:

ACUMEN Club, Matoshri Engineering College | Jun 2024 - Present

- Leading the chapter with enthusiasm and focusing on overall involvement of all the chapter members for each and every event.

3) Design Team Member:

MTEC, Nashik | Jan 2023 - May 2024

- Collaborated on designing promotional materials, event setups, and technical presentations, ensuring creative and effective communication for events.

- **Projects:-**

1. Automatic College Time-Table Generator:

I developed a simple College Timetable Generator to automate and simplify schedule creation. It efficiently organizes classes, ensuring optimized time management for students and faculty.

2. Portfolio Website:

I built a simple and responsive portfolio website to showcase my skills, projects, and achievements. It is designed using HTML, CSS, and JavaScript with a clean and modern layout. The website reflects my passion for web development and personal branding.

Achievements/Extracurriculars:-

- **Academics**

- Achived **1st** place in First year of Enginnering
- Achived **3rd** place in Hackathon arrange by Unstop
- Successfully managed and organized class activities as a Class Representative.

- **Programming**

- Solved **150+ problems** on **Leetcode & CodeChef** , enhancing algorithmic skills and coding efficiency.
- Participated in **Leetcode** contests.

Technical Skills:-

Languages: C/C++, HTML/CSS, Javascript, SQL, Java

Developer Tools: VS Code, Git, GitHub, Android Studio

Coursework: Data Structure, Object-Oriented programming, Database Management System

Non-technical skills: Leadership, Public Speaking ,Content Writing, Team Management, Communication

Certifications:-

- HackerRank Java(Basic) | Jan 2025
- Preparation of Job Interviews by Coursera | March 2024

- HackerRank CSS(Basic) | Feb 2025
- AWS Gen AI | Sep 2024
- Python 3.5 Training by EDUCBA | Jan 2024

Interests:-

- IT Enginnering , Software and Programming , Web Development, AI & ML

Hobbies:-

- Play Cricket, Graphic Designing, Participating in workshops,Singing.
