About Me — I'm a Undergraduate Student major Information and Communication Technology (Global ICT).

Skills

- **Programming Languages:** Python, C, C++, Java, SQL, RISC-V Assembly, Bash
- **OS:** Debian, Ubuntu, Windows
- **Library:** NumPy, Matplotlib, Scikit-learn, TensorFlow, PyTorch, OpenCV, Pygame, Pillow
- **Framework:** Tkinter, AWT, Swing, JavaFX, RISC-V, MySQL, MongoDB
- **Others:** Canvas, Latex, Git, MS Office, Google Docs, Google Sheets, Anaconda, Jupyter Notebook
- **Soft Skills:** Teamwork, Communication, Presentation, Problem Solving

Education

Hanoi University of Science and Technology

Bachelor of Science in Information Technology (Global ICT)

Aug 2023 – Present

Certifications & Awards

- First Prize in District Science and Technology Innovation Contest - Enroll Topic: Embedded System (2020-2021)
 - IELTS Academic - 5.5 (Dec 2022)
 - Coursera - Crash Course on Python by Google (Feb 2025)
 - Coursera - Foundations of Data Science by Google (Apr 2025)
- Coursera Resource: <https://www.coursera.org/learner/nguyen-duc-anh-2709>

Projects

QuickLap / Application Consulting Products in E-Commerce sites

Apr 2025 – Present

Team Size: 5

- Develop a GUI applications to help users find the best products on various e-commerce sites
- Develop a LLM model using RAG (Retrieval-Augmented Generation) for product recommendation
- TechStacks: Java, JavaFX, Scene Builder, Python, MySQL

Hand-written Digits Recognition System

Apr 2025 – Present

Team Size: 4

- Develop a GUI applications to recognize hand-written digits
- Develop a KNN model using Scikit-learn and CNN model using TensorFlow for digit recognition
- TechStacks: Python, Tkinter, NumPy, Matplotlib, Scikit-learn, TensorFlow, OpenCV, Pillow, Canvas
