Objective

Motivated and creative student seeking a Social Media Internship to contribute content, design, and digital engagement skills. Eager to learn and grow in a dynamic digital marketing environment while bringing my knowledge in Python, C++, and front-end web design to support social media content strategies.

Education

B.E. Computer Science and Engineering

S A Engineering College, Tamil Nadu

Expected Graduation: 2028

CGPA: 8.01

Skills

Technical Skills : Languages: Python, C++, C

Web : HTML, CSS, Basic Javascript

AI Tools : Proficient in using ChatGPT for content ideas, captions, research, and automation tasks by crafting effective prompts

Tools : Canva, Figma

Creative & Soft Skills:

- Content Writing
- Caption Creation
- Trend Research
- Consistency & Time Management
- Fast Learner and Highly Adaptive

Certifications

- Python Essentials 1 – Cisco Networking Academy

- Machine Learning Onramp – MathWorks
- MATLAB Onramp – MathWorks

Academic Projects

1. Personal Portfolio Website

Built a simple personal portfolio using HTML and CSS to showcase my programming journey and learning milestones.

2. Mini Blog Design (Frontend)

Designed a responsive blog homepage layout with HTML, CSS, and embedded Instagram-style content previews.

Social Media Exposure

- Created captions, basic visuals, and short-form content using Canva and native platform tools.

Achievements & Highlights

- Actively interested in **Hackathons** and **Coding Competitions**; participated in several inter-college and online coding events.
- Continuously exploring new tech trends, AI tools, and real-world problem-solving through competitive coding challenges.
- Passionate about both technical and creative fields—blending coding logic with content creation and social media.
- Completed 7 Grades in Drawing at Bridge Academy (shows long-term creative commitment)
- Quick grasp on design aesthetics and mobile-first content

Why Me for Your Internship?

Though I may not have worked with big brands yet, I bring a fresh perspective, strong learning mind set, and a mix of both tech and creative abilities. I'm eager to contribute and grow under a professional social media team.
