ABOUT ME

Backend-focused MERN Stack Developer with 2+ years of experience specializing in Node.js, Express.js, and SQL (MySQL/PostgreSQL) with Knex.js. Skilled in building scalable REST APIs, managing databases, and developing full-stack applications with strong backend emphasis. Proficient in EJS and jQuery, with basic knowledge of React. Additionally experienced in Unity (C#) game development, combining creativity with event-driven coding. Passionate about solving complex problems and contributing to impactful projects.

EXPERIENCE

- Node.js Developer**

Sep 2022 – Apr 2025

Waytoweb.in | Ahmedabad, Gujarat

 - Developed and maintained dynamic web applications using Node.js, Express.js, and Knex.js.
 - Designed scalable REST APIs for mobile apps and internal systems.
 - Built server-rendered views with EJS and integrated jQuery for interactivity.
 - Managed relational databases with MySQL/PostgreSQL ensuring optimized queries.
