Experience

Associate Software Developer (MERN + Microservices) Aug 2024 – Present
Iauro Systems Pvt. Ltd. — Banking Client (Microfrontend)

- Architected and implemented React micro-frontends communicating with backend Node.js/Express services over secure, JWT-authenticated REST APIs, ensuring modularity and access control.
- Implemented RBAC and multi-role user views for sensitive dashboards and reporting systems.
- Implemented media upload workflows using Multer middleware with validation and uploaded assets to Cloudinary, ensuring responsive delivery and secure storage.
- Enabled real-time features such as chat or notifications using WebSockets with Socket.IO in a MERN-based application.
- Built custom components using MUI + Tailwind, reduced load time via lazy loading and caching.

MERN Stack Developer (Freelance Contract + MVP) June 2024 – Oct 2024
OrderOrbit (E-commerce) — React, AdminJS, Node.js, MongoDB, Swagger

- Implemented add-to-cart, quantity update, and checkout features using React state management and back-end integration with Node.js/Express APIs.
- Built an admin dashboard to manage product listings, inventory updates, and order tracking using protected routes and JWT-based authentication.
- Developed a dynamic and responsive product catalog and cart interface using React with conditional rendering, reusable components, and custom hooks.

CampusHire (College Placement Portal) — MERN Stack, Tailwind CSS, REST APIs

- Designed and developed a scalable admin dashboard for managing students, recruiters, and placement drives using React and protected Node.js APIs.
- Built dynamic forms and dashboards for students to update resumes, apply for jobs, and track placement status in real time.
- Created Express APIs with token verification and implemented server logging middleware. Crafted the platform's logo and visual assets using Canva for a cohesive and professional UI/UX.

DC Analyst Oct 2023 – June 2024
Deloitte USI – CRM Project — React, Node.js, Redux Toolkit, Styled Components

- Built dynamic form-driven modules with role-based editing and real-time DB sync via Express APIs.
- Enhanced receipt generation with async backend logic and token-based secure endpoints.
- Migrated REST services to modular Express structure, added middleware for logging and auth.

Skills and Tools

Languages:	JavaScript, C/C++, TypeScript, HTML5, CSS3, SASS
Frontend:	React.js, Redux Toolkit, Tailwind CSS, Material UI, Styled Components, Storybook
Backend:	Node.js, Express.js, JWT, OAuth2, MongoDB, MySQL, Mongoose, REST APIs, Socket.IO
Tools:	Git, GitHub, GitLab, Swagger, Postman, Docker, Redis
Cloud:	AWS (EC2, S3, IAM, Lambda, CloudWatch), Vercel, Netlify, Render
DSA Practice:	300+ questions on LeetCode, HackerRank, GFG
Core Subjects	Operating Systems (OS), Object Oriented Programming (OOP), Database Management Systems (DBMS) and Computer Networks (CN)

Projects

CollabDocs

[Live Demo](#)

- Built a real-time collaborative document editor with live cursor tracking, multi-user presence, and role-based permissions using React, Socket.IO, and Redis.
- Implemented JWT authentication, secure document sharing, and auto-save with conflict resolution, backend by Node.js, Express, and MongoDB.
- Deployed a responsive, production-ready web app with document export (PDF/Word/Text), dark/light themes, and a modern UI/UX.

Personal Portfolio Website

[Live Demo](#)

- Designed and developed a fully responsive and animated personal portfolio using React.js and Tailwind CSS to showcase projects, skills, and contact details.
- Implemented smooth scroll navigation, animated section transitions, and dynamic project filtering for an interactive user experience.
- Focused on clean UI, accessibility, and mobile-first design principles; deployed on Vercel for fast and reliable performance.

Certifications and Achievements

- **AWS Certified Developer – Associate (2024)**, Score: 820/1000 – Credential verified on Credly.
- **Top 2 Finalist** – Chhalaang 3.0 Women Hackathon (HighLevel Problem Statement).
- **Mentor at Open Source Connect India** – Guiding contributors in understanding open-source projects, providing technical support, code reviews, and best practices for collaboration.
- **AIR 100** – Naukri.com Brandquest Contest 2025.

Education

B.Tech in Electronics and Communication

Banasthali Vidyapith, 2019–2023

CGPA: 8.53 / 10
